<p>March 8, 2025</p> <p>p.44</p>	<p>Revised policy:</p> <p>Course Repeats Students must repeat a course in which they receive a failing grade. Students will be registered on the course, preferably in subsequent semesters, should the course be available. If students are unsuccessful on a second-course attempt, they must receive permission from the Dean of the Program to take the failed course for a third time. The highest grade earned is used in the calculation of the grade point average. All course attempts are considered in the calculation of quantitative progress (maximum time frame).</p> <p>Only one repetition of a previously passed course is permitted for financial aid purposes. Students who wish to repeat a previously passed course (receiving a grade of “C” or “D”) are responsible for the tuition for that course as it is not covered by Title IV financial aid. Veteran Affairs will only pay for a repeated course if a higher grade is needed to complete the program. Course repeats are priced at current tuition rates.</p>
